In a recent article (1974, J. Kansas Entomol. Soc. 47:357-359), I proposed a new name for a homonym in Ephemeroptera, *Baetis melleus* Needham & Murphy. The new name for this species appeared in error as *Baetis murphyi*. It is obvious that the correct spelling of the name is *Baetis murphyae* in honor of one of the original describers, Helen E. Murphy.
